

HVAC Mini-Split Installation Solutions

Mini-Split Installations Made Easy

Southwire is a market leader with its EZ-In™ Mini-Split cable designed specifically for mini-split installations. EZ-In™ Mini-Split cable, available in both shielded and non-shielded configurations, has brought ease of installation and savings to HVAC mini-split installations by eliminating the use of conduit or cable trays. Now, Southwire has enhanced its offering with connectors and tools specifically designed with mini-split installations in mind.

Complete your mini-split installations with the following offerings:

Connectors: Liquid-tight, steel and zinc plated. Individual packets with instructions, delivered in boxes of 25 each.

Rotary Cutter: Armor cable cutters with rotary blades. Replacement blades available.

Wire Strippers: Heavy duty, stainless steel. Strips 10 – 18 AWG wire.

Jacket Cutter/Conduit Scorer: Compact scoring and cutting tool with reamer blade.

LIQUID TIGHT CONNECTOR (TECK 50)
